

LACK OF FUNDS ALARMS HUERTA

Mexican President May Yield to United States.

ROJAS GOES TO VERA CRUZ

Minister of Foreign Affairs Is Reported to Be Under Instructions to Re-open Negotiations With John Lind, President Wilson's Personal Representative.

Mexico City, March 19.—Forced by the increasing seriousness of the situation in Mexico, from a financial rather than a military viewpoint, President Huerta is ready to resume negotiations with John Lind, President Wilson's personal representative, which were broken off last August, if reports current in the capital are true.

The minister of foreign affairs, Jose Lopez Portillo y Rojas, has been directed to reopen the unofficial diplomatic exchanges with Mr. Lind, according to the report here, and went to Vera Cruz. Every effort has been made to keep the meeting a secret and should it for any reason fail to take place the government would be in a position to fall back upon the explanation already given that the minister is taking the trip to celebrate Saint's day.

President Huerta summoned to the national palace sixty of the wealthiest Mexicans in the capital and intimated that indirect financial support would be highly agreeable, in view of the vigorous campaign which he proposes against the rebels. He reminded them that a decree issued several months ago, calling upon owners of haciendas to equip and maintain ten men for purposes of defense, never has been complied with and he urged them now to do this.

Such compliance would mean, according to the official figures, the maintenance of about 500,000 men, as it is estimated that there are 52,000 haciendas and smaller ranches within the federal jurisdiction.

President Huerta also requested these men to furnish him with horses in sufficient numbers for 120 cannon expected to arrive soon from Japan and Europe.

MONEY TO AID REFUGEES

Urgent Deficiency Bill Passed by the Senate.

Washington, March 19.—After a vigorous defense by Senator Lodge of the government's expenditure in caring for Mexican soldiers and other refugees interned in Texas and California the senate passed the urgent deficiency bill carrying a total of more than \$10,000,000. Half a million was added for the maintenance of refugee camps.

An amendment was adopted to provide that the war department shall expend this money only in caring for soldiers and military refugees.

LITTLE FIGHTING OCCURS

Federals Are Not in Rear of Rebels at Jimenez.

El Paso, Tex., March 19.—The clashes of federals and rebels at Escalon and Rosario were minimized by authorities here.

The report that the federals were in the rebel rear at Jimenez was dispelled when it was learned that official reports to Chihuahua were coming by wire from a point far south of that city.

SUED UNDER TRUST LAW

Lehigh Road Accused of Combining to Control Output of Coal.

New York, March 19.—The Lehigh Valley Railroad company was sued here by Attorney General McReynolds under the Sherman anti-trust law as being the dominant factor in a combination alleged to control the output of anthracite from Pennsylvania fields it touches.

Among the defendants named were the Lehigh Valley Coal company, Lehigh Coal Sales company, Cox & Bros. company, inc., Edward T. Statesbury, Daniel G. Reid, Charles Steele, George F. Baker and George F. Baer. By virtue of its monopoly, the complaint declares, the Lehigh has prevented the building of any new railroad into the anthracite region served by it and has kept the independent producers under the disadvantage of having to ship over a railroad also engaged in the coal business.

STEEL BUSINESS LARGER

Net Income of United States Corporation in 1913 Shows Increase.

New York, March 19.—Aggregate gross business of the United States Steel corporation for 1913 was \$796,894,299, an increase of \$51,388,794 over the preceding year, according to the detailed report of the corporation.

Net income for 1913 showed an increase of \$27,477,768, with an increase in surplus net income of \$26,976,936, while the balance of surplus for the year increased \$11,976,936.

The average number of employees in the service of the company was 228,906, against 231,025 in 1912, and the average salary or wage per employee per day was \$2.92, an increase of 17 cents over the average of 1912.

SERIOUS BLAZE AT MILWAUKEE

Score of Persons Are Trapped in Burning Hotel.

NEWSPAPER PLANT IN RUINS

Flames Break Out in the Evening Wisconsin Building and Rapidly Spread to the Windsor Hotel—Patrolman Succeeds in Rescuing Large Number of Guests.

Milwaukee, March 19.—Fire, which broke out in the Evening Wisconsin building here, swept along the entire block. According to the latest reports people are trapped on the top floor of the Windsor hotel, one of the buildings attacked by the blaze. It is feared that the T. A. Chapman company, one of the largest dry goods stores in the city, will be destroyed. The Evening Wisconsin newspaper building cannot be saved.

Between twenty and thirty guests were rescued by Patrolman Schmitt who climbed up to the third story. He declared that many may be trapped in sleeping quarters on the third floor where he could not penetrate owing to the dense smoke.

Charles Sandberg, proprietor of the hotel, who was sleeping on the third floor, escaped with slight injuries. He said most of the guests escaped. Some of them were carried down stairs by the night clerk.

DEATH DELAYS NEW RATE

Judge Willard Had Not Signed Final Decree in South Dakota.

Sioux Falls, S. D., March 19.—The death of Judge C. A. Willard at Minneapolis will delay temporarily the going into effect of the 2½ cent passenger rate in South Dakota. Judge Willard presided at the hearing of the rate cases, but had not signed the final order which would have put the reduced passenger rate into effect.

Attorneys hold that the delay in placing the decree on record will be temporary and that it will be unnecessary to try the case again, as the decision of Judge Willard outlines the provisions of the decree and that his successor will have authority under the findings to sign the decree.

BARRED FROM USING TOBACCO

Hotel and Restaurant Employees Must Refrain While on Duty.

La Crosse, Wis., March 19.—No employee of a hotel or restaurant is permitted to use tobacco while on duty, under regulations governing the conduct of hotels and eating places, just issued by the state board of health. The bedding regulations provide that the undersheet shall completely cover the mattress and the top sheet must be as wide as the mattress. Six months after the adoption of the rules the top sheet shall be at least ninety-six inches long. The long top sheet must be folded back so as to cover all top coverings at least twelve inches. Violations are subject to a fine of \$25 to \$200.

TO SAVE BABIES' VISION

Wisconsin Sends Out Nitrate of Silver to Physicians.

Madison, Wis., March 19.—The state board of health has sent packages containing twenty-four ampules of nitrate of silver to all physicians in the state. Under a law passed by the last legislature the eyes of children at birth must be washed in this solution to prevent blindness.

A recent investigation at the school for the blind at Janesville showed that at least 25 per cent of the children there would not be blind had they been properly treated in infancy.

PARIS IS GROWING QUIET

Cold, Wet Weather Brings Halt to Demonstrations.

Paris, March 19.—The first wave of feeling over the shooting of M. Chalmette by Mme. Caillaux and the heated debate in the chamber of deputies on the scandal arising out of the postponement of the trial of Henri Rochette, charged with extensive swindling, is subsiding.

The cold, wet weather has dampened the enthusiasm of the Royalists and others who have been indulging in demonstrations throughout the city and Paris comparatively quiet.

JUDSON STARTS FOR CHINA

President of University of Chicago Will Go Around World.

Chicago, March 19.—Dr. Harry Pratt Judson, president of the University of Chicago, started on a seven-month trip around the world in the interests of the Rockefeller foundation for teaching medicine in China. Most of the time will be spent in traveling in the interior of China. Dr. Judson left for Washington, D. C., and will go to New York Friday.

URGES IMMEDIATE ACTION ON SUFFRAGE

Senator Ashurst Hopes for Little Further Delay.

Washington, March 19.—"The consensus of opinion in the senate," said Senator Ashurst, "is that we should vote right away on the resolution for a constitutional amendment to extend suffrage to women. I think there will be little more delay in the matter."

The resolution temporarily laid aside will come up again as unfinished business and despite appeals of many suffragettes for postponement of a vote until May an effort will be made to reach a vote at least before the end of this week with defeat of the measure apparently a certainty.

Senator Ashurst, who has charge of the resolution on the floor, has canvassed the senate and finds a great majority in favor of disposing of the resolution as soon as possible. A final protest against immediate action was made by Miss Alice Paul, chairman of the Congressional Union for Women Suffrage, in letters addressed to Senators Ashurst, Thomas and Chamberlain, leading advocates of the bill.

JOHN LIND IS INTERESTED

Several Minneapolis Men Buy Whaling Company.

Seattle, Wash., March 19.—Announcement was made here of the sale to the Pacific Sea Products company, composed of John Lind, President Wilson's personal representative in Mexico, and several other Minneapolis capitalists, of the Alaska Whaling company, organized two years ago by Captain Otto Sverdrup, the Norwegian explorer. The consideration was not made public, but the property which changed hands is valued at \$1,000,000.

The deal was closed by K. B. Birkenland of Minneapolis, president and general manager of the Pacific Sea Products company. W. S. Dwinell, a wealthy lumber owner of Minneapolis, also is heavily interested in the company.

MRS. WILSON RECOVERING

First Lady of Land Still Ill From Effects of Fall.

Washington, March 19.—Mrs. Woodrow Wilson is recovering slowly from the effects of a fall on the White House floor two weeks ago. The decline by Miss Eleanor Wilson of an invitation to attend a dinner at the British embassy on account of the indisposition of her mother gave rise to reports that Mrs. Wilson was seriously ill, but these were denied promptly.

M'EWEN PLUM IS OPPOSED

Congressman Miller Protests Removal of Postmaster.

Washington, March 19.—Steps have been taken by Representative C. B. Miller of Duluth to prevent confirmation of the nomination of W. E. McEwen as postmaster at Duluth. The nomination was sent to the senate Tuesday. Mr. Miller has requested Senators Nelson and Clapp to hold up confirmation.

Mr. Miller was named to take the place of Arthur P. Cook, removed. Mr. Cook's commission expires in June.

WANT ROOSEVELT TO STATE VIEWS

Attitude Toward Mexico and Toll Question Interesting.

IS NOT EXPECTED TO TALK.

Many Think That It Would Go a Long Way Toward Helping Progressive Party in Next Elections—Sentiment of Nation in Regard to Free Tolls Is Not Known—Continue Sending Seed.

By ARTHUR W. DUNN.

Washington, March 19.—[Special.]—There are quite a number of dissatisfied people who would like to hear from Theodore Roosevelt and get his comments upon the administration's policy regarding canal tolls and Mexico.

"One blast upon his bugle horn would be worth a thousand men."

These people seem to think that if Roosevelt would come out with a strong declaration in favor of the United States maintaining its former attitude on canal tolls and also for a vigorous policy in relation to Mexico it would go a long way toward making him the next president.

But no such declaration is expected from Mr. Roosevelt, for it is not supposed that he has sufficient knowledge of conditions, way off down in the jungles of South America, to enable him to speak with authority upon the important events in his own country. Besides, Roosevelt has a way of keeping quiet when there is really no necessity for him to say anything, which has surprised both his friends and his enemies.

Canal Tolls Sentiment Unknown.

Not until the discussion comes up in congress is it expected that the sentiment of the country on the repeal of the canal tolls question will be known or expressed. Only from casual remarks made by people who usually do not give much attention to politics can we learn what is the general trend. From several sources I am informed that the young American idea is not favorable to taking any position relating to our canal tolls at the desires of any foreign country, and England especially.

Congressman Frank Doremus of Michigan, and, by the way, the man who was selected by President Wilson for chairman of the Democratic congressional campaign committee and who has made a study of all treaties and laws respecting maritime nations and the control of canals, says that all the precedents are in favor of the position which the United States took when it passed the canal act. There will be quite a number of Democrats who will take positive views on the side opposite that of the administration.

Will Get Their Seeds.

The annual fight against making an appropriation in the agricultural bill for free seed, to be distributed by members of congress, failed, as usual. The members of congress take great delight in sending seed to their constituents because there are votes in it.

"I deny that there is political benefit to any member of the house," declared Congressman Green of Iowa when the matter was under consideration. "I believe this is an asset to every congressman," declared Congressman Quinn of Mississippi. "I am going to send every package of seed the government allows me, and then some. Who is it that hath the 'gail' to take away from the farmers the little 'mite' now allowed in seed?"

After taking a fling at the army and navy and the District of Columbia the Mississippi congressman yielded the floor, and another Mississippiian, Zeke Candler, took up the cudgels for seeds and declared that he was glad to have the people see his name go to them, even on a package of garden seed.

Congressman Sloan of Nebraska interrupted to ask if it was true that Patrick Henry had said, "Give me seeds or give me death."

Then Candler went on, "I want each and every man in this house to have an opportunity to send seed to the men who write to him, and especially the ladies and the bright eyed, rosy cheeked girls."

One Lawyer to Another.

Senator Reed of Missouri is known as one of the best criminal lawyers in the west, and when he interrupted Senator Fall of New Mexico, who was speaking on the Mexican situation, Fall came back at him with this statement, "The choice of my language may not suit the senator, because I am speaking to the senate of the United States, and I am not pleading technicalities on a criminal indictment in the state of Missouri."

A Congressional "Freshman."

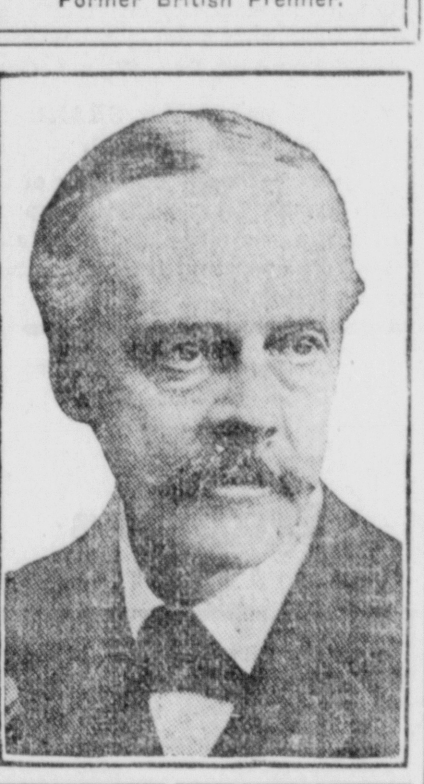

An attack that was made upon Champ Clark questioning the accuracy of his count on a certain question brought forth a characteristic reply from him in the house. In the course of his remarks he said, "The truth is that if the chair had not helped the gentleman from Michigan, Mr. MacDonald, and stretched the rules because he was a congressional freshman and was not supposed to know much about them, he would not have been able to secure a vote on his different propositions."

MacDonald is a Progressive and was seated late in the first session after a contest.

HURLS STONE AT BALFOUR

Former British Premier Is Struck by Boy's Missile.

Nice, France, March 19.—Arthur J. Balfour, the former British premier, while proceeding in his automobile from Cannes to Nice, was struck by a stone thrown by a boy. A deep gash was cut in his nose. Mr. Balfour, however, was able to take part in the international lawn tennis tournament.

UNEMPLOYED JEER CALIFORNIA SHERIFF

Produce Contract to Purchase an Acre of Land.

Sacramento, Cal., March 19.—One hundred and fifty jobless men—the remnant of "General" Kelley's army of the unemployed—laughed loudly at Sheriff Ahern of Sacramento county.

When the sheriff received word that the scattered Kelleyites were reassembling on a ranch four miles north of this city he hurriedly collected a force of deputies and raced for the scene.

At the ranch he found a band of men erecting tents and shacks and the order was given to his posse to drive them out. The deputies responded with a will, but were halted at the boundary of the camp by a man with a legal paper.

The document proved to be a contract for the purchase of one acre of land for which \$70 had been given as a first payment. There was nothing for Sheriff Ahern to do but retire, while the unemployed jeered.

City and county officials of Sacramento are in a quandary. Leaders of the unemployed boasted that they would provide quarters for a thousand men on the acre of ground and defied the authorities to prevent the reassembling of the army. The arrival at the camp of provisions by the wagonload from Sacramento indicated that they had received abundant financial backing to tide them over for some time.

OFFERED LINCOLN RELIC

Bloodstained Lock of Hair to Metropolitan Museum of Art.

New York, March 19.—A bloodstained lock of Abraham Lincoln's hair and a number of relics and mementoes intimately related to the history of the United States were offered the Metropolitan Museum of Art in the will of General James Grant Wilson.

Among the bequests is a ring which contains hair of Washington, Wellington, Napoleon, Grant and Lincoln, and Washington's sleeve links, a gold ring brought from Holland in 1647 and three silver medals.

IMMENSE THAW FEES PAID

Jerome Gets \$25,000 for Efforts to Return Fugitive to Matteawan.

Albany, N. Y., March 19.—The expense bill approved by Attorney General Carmody in connection with the state's efforts to get Harry K. Thaw back to Matteawan includes the following fees to lawyers:

William T. Jerome, \$25,000; Bernard Jacobs, Lancaster, N. H., \$5,000; Jacobs, Hall, Couture & Fitch, Montreal, \$5,000; Hector Vernet, Conak, \$15,000; Case Caserlin, Montreal, and Jacob Nichol, Sherbrooke, \$900. The fees of Mr. Jerome and Mr. Jacobs cover "not only past services rendered, but also any future services in reference to this case."

NO PAY FOR RAT CATCHERS

Mayor Gill Vetoes Proposed Appropriation of \$5,000.

Seattle, March 19.—Mayor Gill vetoed a city council appropriation of \$5,000 to pay the salaries of thirty rat catchers employed to catch rodents in the anti-bubonic plague campaign. The rat catching force will be reduced to five men.

The mayor also announced that cafes giving cabaret shows would have to discontinue the performances.

MOTHER POISONS CHILDREN

Wisconsin Woman Then Drinks Carbolic Acid.

Appleton, Wis., March 19.—Because she had no place to leave her children while at work and could not bear the thought of giving them away Mrs. Harvey Deshaney gave a quantity of carbolic acid to her two daughters, one and three years old, and drank some of the poison herself.

The three are in a hospital here. Physicians say they cannot recover. The daughters were found unconscious in their mother's arms. Mrs. Deshaney's husband died a year ago of blood poisoning.

NINE ARE GUILTY OF FRAUD

Jury Charges Officials of Chicago Firm Tried to Dodge Tax.

Chicago, March 19.—John F. Jelke, president of the John F. Jelke company, and eight officials and former employees were found guilty in federal court of conspiracy to defraud the government by avoiding the tax in selling oleomargarine. H. P. McFarland, a clerk, was found not guilty.

The indictments charged that the defendants evaded the government tax by selling white oleomargarine and giving the retailers coloring matter and instructing them how to use it.

SIX-YEAR-OLD BOY IS HERO

Rescues His Baby Brother From Drowning.

Racine, Wis., March 19.—"Of course I couldn't let Bennie drown," said Harold Hader, six years old, son of Policeman Otto Hader, when asked about his heroic rescue of his three-year-old brother, who had fallen into the Root river.

Harold pulled the baby out by the hair. His grandmother gave him a pair of roller skates and a bystander gave him 10 cents.

EXPLOSION FELT FOR ONE HUNDRED MILES.

BINDS MESSENGER SECURELY

Evidently Hiding Himself in the Car Before the Train Left Houston, Tex., the Highwayman Caught the Messenger Unawares, Secured the Cash and Made His Escape.

Beaumont, Tex., March 19.—After bundling the messenger, Reb Martin, into a gunnysack a masked man robbed the express car attached to north-bound Gulf, Colorado and Santa Fe passenger train No. 202 of \$14,000 in currency and escaped from the train at the village of Helbig, twelve miles north of Beaumont.

Poses, which went to Helbig from this city in automobiles, have not found trace of the bandit, who is believed to be hiding in the dense forest about the village.

G. A. Taft, general superintendent of the Wells-Fargo Express company, estimated the amount stolen at \$14,000. The money was part of a shipment by a Houston lumber company to be used in paying employees at camps along the road.

The train was bound from Houston to Center, Tex., and it is believed the robber secreted himself in the express car before the train left Houston.

Martin said the man, who apparently was middle aged, leaped from behind a pile of baggage shortly after the train left Beaumont, demanded the messenger's keys and, when Martin refused, bound and thrust him into the sack.

The region through which the train was passing at the time of the robbery is heavily wooded and sparsely settled. When Martin failed to appear during the stop at Silsbee, several miles north of Helbig, the train crew forced the express car door, which had been locked by the robber.

RUSSIAN STORM TOLL 3,000

Fears Entertained for Safety of Fleet and 10,000 Men.

St. Petersburg, March 19.—The storm which swept over Russia, according to a dispatch from Rostov, claimed more than three thousand victims in the territory near the mouth of the River Don. A fishing settlement of 400 houses on Atchuvak spit was swept away. According to an Astrakhan dispatch serious fears are entertained for the safety of the fishing fleet and crews, numbering 10,000 men.

BREWERY EXPLOSION FATAL

One Man Killed and Three Others Injured in Ammonia Room.

Cleveland, March 19.—James D. Bowman, chief engineer, was killed; George Kilburn, fireman, was fatally injured, and Harry Kay, an oiler, and Alfred Colson, assistant engineer, seriously hurt, in an explosion in the Cleveland Brewing company's plant here.

A compressor head was torn from an engine in the ammonia room. The building was partly wrecked.

"RISK NO LIFE AT \$65 A MONTH"

Alderman Haake in Discussing Police Said no Man Would Risk His Life at \$65 a Month

MAYOR'S APPOINTMENT HALTED

Road Through Swamp Discussed—Eight Ornamental Lamp Posts for North Sixth Street

"No man will risk his life at \$65 a month," said Alderman Haake as the council was discussing police affairs. He then read a statement of the wages Virginia, the large mining town of the Mesaba range was paying. The chief was receiving \$150 a month and the patrolmen and others in proportion.

Mayor Henning submitted to the council the name of Charles Varner as a policeman.

Alderman Mahlum asked for an expression of opinion as to increasing the force. On a vote being taken the appointment was not confirmed, the vote standing 6 nays, 4 ayes. The 6 nays were Aldermen Mahlum, Stallman, Smith, Hess, Peterson and Lagerquist. The 4 ayes were Aldermen Anderson, Betzold, Haake and Gallepe.

Alderman Smith said that Chief Ridley had four policemen, Hurley, Quinn, Barney and Peterson. He admitted that later Squires was added. Wm. Nelson when he was chief in the early lumber days of Brainerd, had three policemen.

"I hardly see the need of increasing the police force," said Alderman Smith. "The town is quiet" said he. "You evidently don't read the Brainerd Dispatch," said the mayor. The argument of the mayor appeared to be that cutting off policemen from the force would reduce the efficiency of the police service.

Alderman Haake appeared to believe that increasing wages would increase the efficiency of the force and that no man would risk his life at \$65 a month. He quoted the Virginia, Mesaba mining town scale of wages, and presumably with such an increase of salary, the efficiency of the Brainerd force would equal that of high-paid Virginia.

Alderman Smith said no six officers were needed in Brainerd.

Alderman Lagerquist said that if the pay of the policemen was raised, then the firemen were entitled to a raise too.

The electric light committee reported on lights in West Brainerd. They recommended an arc lamp at the east and west end of the West Brainerd bridge, the discontinuance of the present lights there with the exception of the center post where they recommended two 75 volt tungsten lights. They recommended asking the Northern Pacific railway company to install a cluster light at the crossing west of the hospital. The report was accepted and the recommendations concurred in.

The water and light board was authorized to purchase eight ornamental lamp posts and they will be placed from Main street to Gregory Park on North Sixth street. The board was authorized to do the necessary conduit work.

Resolutions were adopted regarding the forms of the \$75,000 city hall bonds. On motion of Alderman Mahlum it was decided to issue \$15,000 fill bonds, that amount now having been ascertained as being ample to complete the fill, the balance to be used later for paving and other improvements.

Ordinance No. 256 amending an ordinance relating to electric wiring, was given its last readings and adopted, all voting aye.

Two resolutions were adopted relating to the city hall.

ONE THOUSAND MEN PRESENT

Special to Dispatch:

Minneapolis, Minn., March 19.—One thousand Anti-Eberhart republicans in convention at the Minneapolis Armory today, under guidance of J. F. Jacobson, of Madison, Minn., heard assurances from Iverson, Lee and Elwell that they would abide by the convention's elimination vote. Peterson qualified his promise by insisting that the man selected be "square."

ing 50 concrete paving. Norwood street is to be paved, being from the east line of Sixth to the west line of Seventh, from the east line of Seventh to the west line of Eighth, Maple street is to be paved from the east line of Sixth to the west line of Seventh to the west line of Eighth.

Alderman Peterson reported on the cost of gravel as transported over the cutoff, the switching charges beyond the mill yards, and other points, the cost of loading, demurrage, etc., involved in shipping gravel from Ahren's hill to a point for the city hall construction.

The city will purchase a tank car full of oil for oiling streets. The west side of Fifth street is to be brought into a sewer district, the matter being referred to the city attorney and city engineer.

Richard Ilse and Hugo A. Kaatz, of Northeast Brainerd, appeared before the council and asked that the road across the Holland swamp be improved and thus give Northeast Brainerd an outlet to the agricultural section east. They argued that McCullough & Cheney could be contracted with to improve the road and that the contractors could then use it to haul their dirt from the Holland hill to the bridge fill. On motion the city engineer was instructed to make soundings in the swamp and then report on the advisability of the improvement suggested.

The mayor appointed Sam Hawkins a member of the library board to succeed J. B. Williams and the appointment was confirmed.

The council adjourned to Monday evening, March 30.

CAR WAS THROWN FROM TRACK

John Vaars Was Caught When Empty Car Left the Track and Fatally Injured at Taft Spur

The Bemidji Pioneer gives the following account of the accident that resulted in the death of Conductor John Vaars of this city:

John Vaars, 30 years of age, logging train conductor for the Minnesota & International railroad was killed at five o'clock this morning, when an empty car left the track. The train, managed by Vaars, contained about twenty cars and was switching at Taft Spur, located one mile this side of Puncley, when a car in some manner was thrown from the siding catching the conductor in such a way that he was fatally injured.

Vaars home was in Brainerd, and the body was taken there today, and it is expected that the funeral will take place Friday. He had been in the employ of the company for more than seven years.

Several cars left the track and were wrecked to such an extent that three hours delay were caused both the north bound and south bound morning passenger trains, the twin cities train not arriving in Bemidji until after 11 this morning.

SLOGANS FOR THE ELECTRIC SIGN

Much Interest being Evidenced in Sign to be Placed near the Northern Pacific Depot

BRAINERD CITY OF OPPORTUNITY

"Queen of the Range," A. L. Hoffman's Plan, "City of Iron Ore," "City of Mines"

Interest is growing in the slogan for the electric sign to be erected by the Booster club near the Northern Pacific railway depot and for the prize winning slogan the club has offered \$5 in gold. Some of the slogans received are given:

"Brainerd, City of Iron Ore," Alfred Thompson, 1012 Rosewood St., Southeast Brainerd.

"Brainerd, City of Opportunity," J. H. Noble.

"Watch Brainerd Grow," Cyrilla Behme, 812 Northeast Fourth Avenue.

"Brainerd, The Hub of the Cuyuna," George H. Gardner.

"Brainerd, (Picture of Key) to Your Opportunity," Orville Merwin, Jr., 220 North Third Street.

"Brainerd, Center City of Mines," Albert Jacobson, Ironton.

"Brainerd, Paragon of Mines," Mrs. Albert Jacobson, Ironton.

"Brainerd Spells Opportunity," John Brookbank, Mae, Cass county.

Mr. Brookbank writes: "If you can beat this you are traveling some, even faster than Fred did in the auto truck after the feed, flour and wagon."

"Brainerd, Home of Holland Mines," W. P. Barker.

"Brainerd, the Home of Mines and Minds," J. L. Barker.

"Brainerd, Rich in Mines," and Pines," C. M. Barker.

"Brainerd, Queen of the Range," Ruth Sherlund, 619 Holly Street.

"Brainerd For Mine," J. J. Roney, 309 North Tenth Street.

"Brainerd, the Meteor City," "Brainerd, the Fireball Meteor," "Brainerd, the Mazda City," Mrs. C. D. McKay.

A. L. Hoffman writes: "Brainerd has jumped into the air and cracked its heels for to these many years about being the center of the state of Minnesota. Why not use for a slogan on the proposed electric sign, 'Brainerd, the Hub of Minn.' and if you want a design in addition to the words, you can have a small wheel with the letters, N. S. E. W. on top, bottom and sides of wheel. This wheel could be braced on top of the sign, suspended underneath or be placed in the center between the lines of wording and by using a flasher could be made to have the appearance of revolving. I once lived in Boston, Mass., which is known as the hub of the universe and I would like once again to live in a 'Hub City.'"

The competition is open to everybody. No one has a monopoly on ideas. The dictionary is full of thousands of words. Pick out your slogan and send it to the secretary of the Booster Club, Brainerd, Minn. Remember, it costs money to build a sign. A striking design of a few words can be swept in at a glance and the traveler on a passing train will be able to read every word as his train swings near the sign.

The service was read under an arch of evergreen banked with ferns and palms from the canopy of which was suspended a huge wedding bell. By the ingenious arrangement of an electric bulb a flood of light was thrown upon the improvised altar and a soft indirect light over the rest of the room. The tables were decorated with carnations and snapdragons.

The bridal party entered the room from the reception hall to the strains of the Lohengrin chorus, and the bride was given away at the altar by her father. Miss Verna Sargent presided at the piano. The bride was attended by her sister Miss Nancy Van Sickle, and Mr. Wyman Britton was best man.

The wedding gown was of yellow crepe du chine trimmed with shadow lace. The bouquet was of bride roses and lilies of the valley. The traveling gown was a Copenhagen blue tailored suit with a hat of black tailored satin trimmed with a plume to match the suit.

After a short wedding trip including the twin cities the young people will be at home to their friends at 1206 South Park street after April 15.

Brainerd Musical Club

Rose Lutiger Gannon as a singer is in the same enviable position as her sister artists who have won high distinction in the drama. A pleasing presence and an unlimited repertoire enables her to command re-engage-ments and consequently a following of admirers in metropolitan centers. She has toured the country as the Chicago Symphony orchestra soloist and each season accepts a limited number of concert and oratorio engagements with representative

musical organizations in the large cities.

Her tours with the Chicago Grand Opera Concert company have enabled concert goers in all leading cities in this country and Canada to become familiar with her operatic repertoire. In these operatic excerpts Mrs. Gannon has appeared as Nancy in "Martha," Martha in "Faust," the witch in "Il Trovatore" and Anneris in "Aida." Her repertoire includes opera, oratorio, lieder, the foreign classics and the best song of composers in English.

In the reviews of the greatest musical events in Chicago one is sure to find somewhere a complimentary mention about Rose Lutiger Gannon. She has been honored more times than any other contralto by the Apollo club which is under the direction of Harrison Wild.

In concerts at the University of Chicago and at the Evanston Festival, held under the auspices of the Northwestern University school of music she has appeared with marked success. She has been the soloist of the Sinal Temple for seven seasons.

Mrs. Gannon is one of the few soloists selected by the Sunday evening club, an organization with a national reputation which introduce each week some man notable in national affairs. She has appeared as the soloist when William J. Bryan, Gov. Folk of Missouri, Senator Gore and others were the speakers.

W. L. Hubbard states that her voice is one of distinct richness, smoothness and beauty, the tone emission is easy and free and the taste in shading and phrasing tells of careful study and musicianship.

Mrs. Gannon will be the soloist at Elks hall Monday evening, March 30, under the auspices of the Brainerd Musical club. Tickets are on sale at Dunn's drug store. Admission 50 cents.

SURPRISES MANY IN BRAINERD

The QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the remedy which became famous by curing appendicitis, is surprising Brainerd people. Many have found that this simple remedy drains so much foul matter from the system that A SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost IMMEDIATELY. CLUB NO. 2 CRIBBAGE

Second Section of the Cribbage Club Finishes Preliminary Play With Wm. McClosky in Lead

Group No. 2 of the Brainerd Cribbage club has completed its series of preliminary games and the three high men Wm. McClosky, L. S. Budd and Thomas Deakes, will battle for the championship with the three high men of Group No. 1, Wm. Nelson, Fred Allison and H. W. Kitchin.

The group No. 2 members are Wm. McClosky, L. S. Budd, Albert Cartwright, J. B. Early, Thomas Deakes and L. A. McCullough. They joined the cribbage club this winter, this being their first season of playing together, but nevertheless they are in the game. The scores made were:

Wm. McClosky17,170

L. S. Budd16,949

Thomas Deakes16,938

A. Cartwright16,933

L. A. McCullough16,920

J. B. Early16,866

The total average per member is 16,965. The championship series are to be played at the Southeast Brainerd club's parlors, the cribbage club being invited by the former club. All people interested in cribbage are looking forward to a very hard battle as the two clubs are very evenly matched.

The trophy contest is a beautiful silver cup mounted on an ebony base and has been much admired by the many who saw it on display at the water and light board offices.

Britton-Van Sickle

A pretty home wedding was solemnized last night at the home of Mr. and Mrs. H. B. Van Sickle, 823 South Third street, when their daughter, Viola Bernice, was united in marriage with Mr. Robert Seth Britton.

The ring service of the Methodist Episcopal church was read by Rev. Elbert E. Satterlee.

The service was read under an arch of evergreen banked with ferns and palms from the canopy of which was suspended a huge wedding bell. By the ingenious arrangement of an electric bulb a flood of light was thrown upon the improvised altar and a soft indirect light over the rest of the room. The tables were decorated with carnations and snapdragons.

The bridal party entered the room from the reception hall to the strains of the Lohengrin chorus, and the bride was given away at the altar by her father. Miss Verna Sargent presided at the piano. The bride was attended by her sister Miss Nancy Van Sickle, and Mr. Wyman Britton was best man.

The wedding gown was of yellow crepe du chine trimmed with shadow lace. The bouquet was of bride roses and lilies of the valley. The traveling gown was a Copenhagen blue tailored suit with a hat of black tailored satin trimmed with a plume to match the suit.

After a short wedding trip including the twin cities the young people will be at home to their friends at 1206 South Park street after April 15.

NEW EMPRESS THEATRE Opens Tonight At 7:00 o'clock

The Empress opens Thursday night with the celebrated "Kathlyn" Series No. 4, that are the craze throughout the large cities of the country. They are too well known to need description. The other two reels for the opening night will be the best in photo plays and "The Best" is the watchword of the Empress; not only in motion pictures, which have always been the best produced in the city, but in all other equipment.

Miss Irene Stanfeldt comes from Chicago to work Cabaret features, the first to be introduced in Brainerd theaters. Miss Stanfeldt will be assisted by "Tommie" Woods.

The Blue Ribbon Orchestra, under the directorship of Prof. Jensen, will furnish music at the Empress from the opening to the close of each show, excepting nights when the orchestra is engaged to play dancing programs, at which times it will leave the theater at 9:30.

CROSBY MAY BE DRY ANYWAY

Claim Made by Some that the Drys had Majority of Votes Cast, There being Blank Votes

21 BLANKS FOR THE DRY SIDE

"Go to Church Sunday" Fills all the Churches of Crosby—Supt. Wearne Visit Mine

Crosby, Minn., March 19—Crosby it is now reported, may go dry because 21 blank votes cast belong to the dry side and defeat the 9 wet majority.

Mr. and Mrs. E. W. Mathews and family who have recently moved from Deerwood to Crosby, were given a surprise welcome on Monday evening when a number of their friends gathered at their home.

Miss Winifred Hual visited the Fargo, North Dakota schools the latter part of the week where she gave much of her attention to the work in music.

Supt. William Wearne, of the Inland Steel company, was in town the latter part of the week giving his attention to the resumption of work at the Thompson mine.

S. E. Atkins, H. C. Lawrence and E. F. Brandt, all of the Duluth Diamond Drilling company, were in town Friday going over the work done by that company on properties in the vicinity of Crosby.

Edgar Ingalls, of the Ingalls Motor Boat company, returned Saturday from Minneapolis, where he has spent the winter months employed as consulting engineer for the Auto-Phone company.

Samuel Wombolt, of the auto firm of Anstett & Wombolt, returned Saturday from Minneapolis where he was spending a few days vacation.

Ben A. Mizen, consulting engineer arrived in Crosby from Duluth on Wednesday.

W. F. Wieland and wife of Brainerd, were visitors to Crosby the latter part of the week.

Supt. Conrad Raps, was a visitor to Brainerd, Staples, Little Falls and St. Cloud to interview applicants for positions in the schools here next year. The growth of the schools and the diversity of school activities necessitates additional teachers to assist Supt. Raps.

Crosby churches were filled to capacity at every service on Sunday, it being "Go-To-Church Sunday." Pastors are now endeavoring to figure out some way of making it a regular occurrence.

Why We Pasteurize

As milk is more susceptible to disease germs than any other food it requires more care. It matters not how clean and careful a dairyman may be, he is liable to have a helper taken down at any time with some contagious disease; his well water become contaminated, or a tubercular cow in the herd, even if they have been tested. It has been proven beyond doubt that the tubercular test is not always accurate. A large certified dairy of New York recently had sixty cases of typhoid among their customers. Today they pasteurize. The epidemic nearly put them out of business. We would rather quit business than be the means of starting an epidemic. Therefore we pasteurize and know our customers are safeguarded. 14 quarts for \$1.00, delivered.

Bring Back its Gloss, Lustre, Charm and Get Rid of Dandruff—Try the Moist Cloth

To be possessed of a head of heavy beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderline.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderline now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderline is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderline and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv't.

CROW WING ITEMS

The young people had a surprise party on Lige Young on Thursday evening.

Mrs. E. L. Guin went to Brainerd on Friday.

ESDON ETCHINGS

Marie, Edith and Lyle Hammett are just getting over the measles. The Wickham children are all down with the measles.

Bert Hammett is at Bay Lake at work.

The Aid society met with Mrs. M. L. Hammett Saturday. Members didn't turn out but visitors did.

The Farmers' club met at Mrs. Gooler's last Thursday. A very good turnout.

Roy Bock is still unable to wear a shoe on the foot that had blood poisoning in it.

Mrs. Geo. Bock and Mrs. Elmer Tollefson spent the day in Esdon Saturday.

Mr. and Mrs. Elmer Tollefson will move into their new house soon. Some of their household goods have been delayed in transit.

A good many are having bad colds owing to our changeable weather.

The snow is about gone, crows and robins are home and someone shot a bear, all pretty good signs of spring.

Ed. Phillips, Ralph Wafensmith, Paul Gooler and a Mr. Hallquist have all had wood saws in this neighborhood, while Will Flint has a saw of his own.

Mr. and Mrs. A. Van Huyden, of Onamia, called on Mr. Flint and Will Sunday and stayed all night at Mr. Berbie's.

Mott Hammett has quite a sore hand caused by running a sliver in it.
